Contents

1	Using a custom font	1
2	Data visualisation	2

1 Using a custom font

We need to specify xelatex as latex_engine.

Set the font, and specify xelatex as latex_engine.

```
mainfont: Times New Roman
output:
  bookdown::pdf_document2:
    latex_engine: xelatex
```

2 Data visualisation

See Figure 1.

```
hist(cars$speed)
```

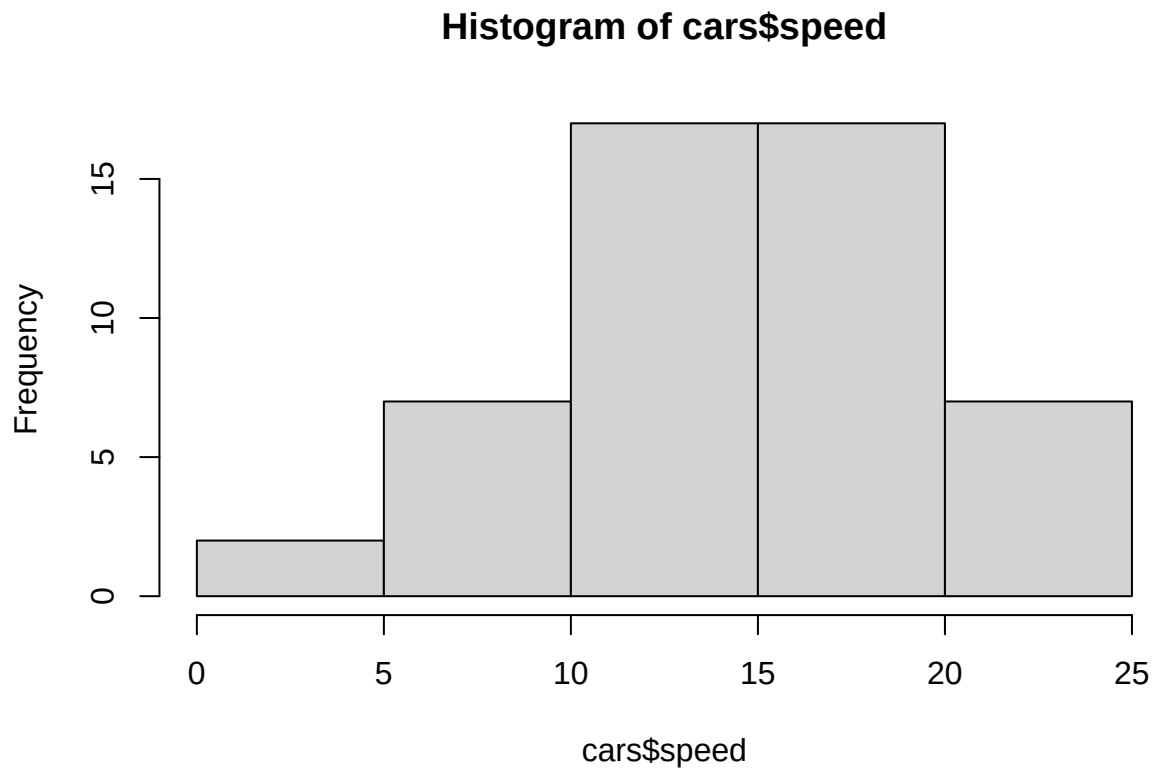

Figure 1: Histogram of speed

Figure 2 illustrates...

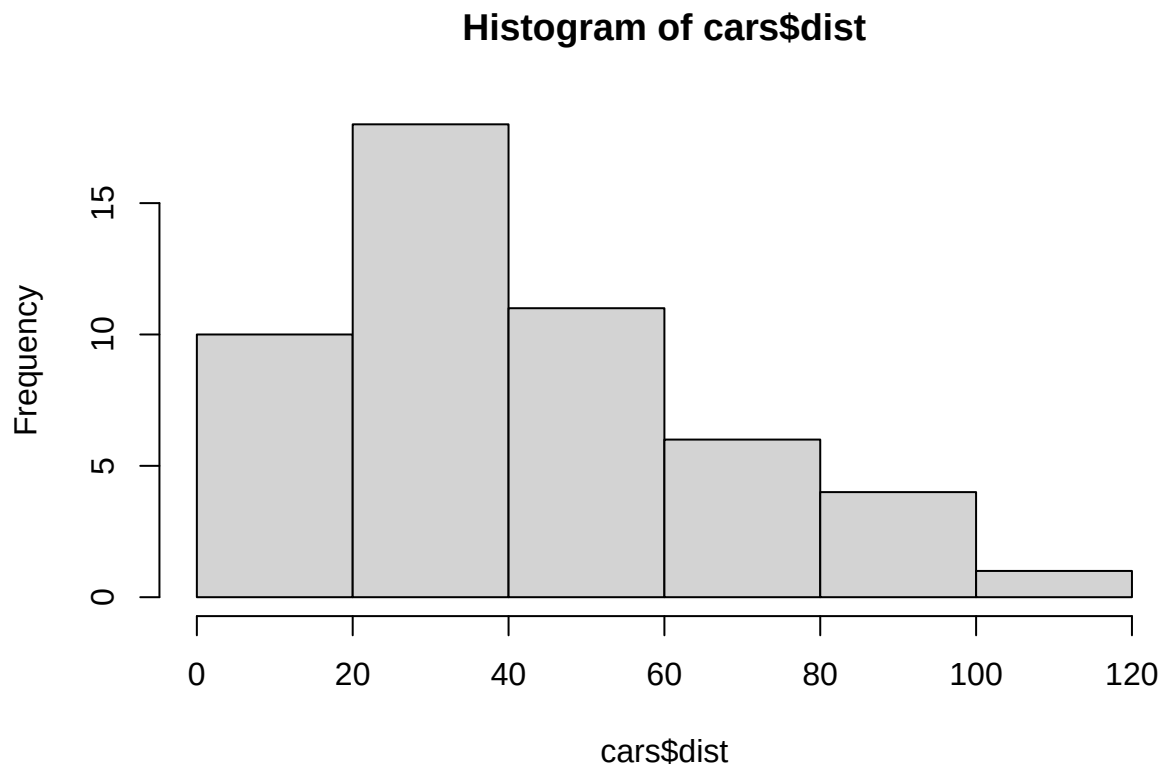

Figure 2: Histogram of dist

using an object, `datav2`, produce a table.
